About David Mierswa:

"I highly recommend attorney David P. Mierswa for any legal matters concerning personal and business matters. David has provided me with great legal advice in and out of court. The cost of his services is very reasonable, with great results. David helped me and my family to keep and stay in our house. The bank had our place in foreclosure, but thanks to David, in less than a year, the bank agreed to lower the interest rate and modify our loan."
